What Makes SASH Realty Different

At SASH Realty, we're not a typical brokerage. While many brokerages seek to do less, pursuing discounted fees and services, **we seek to do more.** Our outstanding brokers look for ways to make our clients' transaction journey a positive and supportive experience with expert guidance every step of the way. **We go the extra mile every day and are centered around integrity, inclusion, and compassion.** These high standards are based on our belief that our clients deserve the very best.

Our Team is privileged to guide clients through some of the most significant events of their lives; from the purchase of their first home, to the sale of their family home after 50+ years of memories.

At SASH we believe that the purchase or sale of a home is too important for short-cuts on customer service. This has been our philosophy since day one. **We do the right thing every time and always prioritize people over profit.**

Many brokerages are numbers-driven. At SASH, we are people-driven.

How does SASH do more?

We mentor outstanding brokers by providing above-and-beyond training, coaching, and guidance as well as individualized marketing support. Whether you are a new broker or an experienced broker, our leadership Team is committed to your success. We take pride in our ease of access to managing/designated brokers and we will always have your back.

Our application process is more intensive than other brokerages because we believe in having a diverse, cohesive, and collaborative Team. We do not foster an environment where we compete with each other for sales, but instead uplift and encourage each other. While other firms will hire anyone just to collect their fees, we are intentional with how we grow and build our Team. We do more by supporting each other and committing to inclusion, integrity, and excellence.
