"Rebecca was a fabulous agent. She walked us through every step of the process. She pays very close attention to details and is extremely knowledgeable in what she does. She was always available to ask questions and we were in constant communication. Rebecca truly cares about her clients and does what is in their best interest. Thanks Rebecca for all your expertise and hard work. We found our forever home!"

Jen K, Buyer Client

"Our experience with Rebecca & SASH Realty was nothing less than spectacular. Rebecca's ability to read and explain the current market was a huge success. Rebecca and her team helped us negotiate all of the details that would have been otherwise overwhelming. Rebecca's kind encouragement and support through the preparation of our parents' home sale was a great relief during what could have been a very tough time. We felt like we had our own personal cheer squad backing us up, but never pressuring us. Options and their (dis)advantages were clearly explained. Hard to adequately extol the benefits of selling with SASH!"
